Portfolio: bergjoe56.github.io

Profile

Architectural studies graduate from UW-Milwaukee with hands-on internship experience and international studio training in Paris. Passionate about universal design and urban environments, with a strong technical foundation in Revit, Rhino, and AutoCAD. Eager to bring a research-driven design perspective to a collaborative team.

Experience

Nehring's Sendik's on Downer, Milwaukee, WI

Deli Clerk

March 2024 - Present

Organized and served food products to customer specifications while adhering to safety and sanitation standards.

Oak Barrel Public House, Milwaukee, WI

Service Support Staff

June 2024 - September 2024

Contributed to efficient front and back-of-house operations through teamwork, adaptability, and precise coordination in a high-pressure environment

Green Bay Packaging, De Pere, WI

Summer Utility Technician

June 2023 - August 2023

Operated large machinery in the process of manufacturing and recycling cardboard.

Neighborworks Green Bay, Green Bay, WI

Summer Architectural Intern

May 2022 - November 2022

Assisted senior project leads with design and documentation for residential affordable housing projects. Produced detailed drawings including floor plans, site plans, elevations, and renderings across new construction and renovation work. Developed a reference booklet of standardized floor plans across multiple house sizes as a resource for future builds. Conducted research on building techniques and materials, compiling the findings into a formal report. Created document of lots in the Green Bay area, organizing by size and location.

University of Wisconsin - Milwaukee

Bachelor of Science in Architectural Studies (BSAS)

September 2021 - December 2025

Architectural studies graduate with a focus on universal design, urban environments, and research-based studio work. Acted as officer for club soccer team.
